SUGGESTED HIGH SCHOOLS FOR ADMISSION IN 2020

Dear Grade 7 Parent

To assist you in the very important process to find a high school for 2020, we have compiled this list.

Please note:

- This list is just to serve as a guide to some of the schools our learners have been accepted at over the last few years.
- There are many other high schools which you can apply at.
- We do not recommend any high school, nor can we place your child at these schools as none serve as feeder schools.
- All applications must be done online when the process opens.
- We do not assist with the process except to provide information.
- Please start collecting certified copies of the following documents for application:
 - ✓ parent's ID/passport,
 - ✓ unabridged birth certificate of the child,
 - ✓ proof of residence,
 - ✓ Grade 6 reports,
 - ✓ study and other permits for foreign parents and learners.
 - ✓ DO NOT SUBMIT ORIGINALS.
- The online system caters for areas you work and live in.
- Many high schools request refundable or non-refundable deposits once the child is accepted. Please budget for this.
- Please apply to many high schools as place is very limited and you may not get your first choice.
- If you wish to add to this list, for the benefit of other parents, please send us the information.
- Remember that it is your responsibility to apply for a high school.

Yours in education

Mr. S.D. Maharaj
Principal
