## Worksheet Cloud

WorksheetCloud, together with MySchool MyVillage MyPlanet, have decided to sponsor and fund an online teaching initiative. We're calling it WorksheetCloud Live Lessons and we're giving free, live school lessons to ALL learners in South Africa during the national lockdown.

We're initially launching our free online lessons for Grades 3, 4, 5, 6 and 7. Our teachers will be covering lessons in Mathematics, English and Natural Science. More grades coming soon!

This means your child will have unlimited, free access to live-streamed online classroom lessons every day, starting this coming Thursday (2 April) at 08:00am sharp.

NO registration required. NO email address required. Simply click a button and you're connected to a live online classroom with a fully-qualified South African teacher. All you need is an internet-enabled device (computer, tablet or cellphone).

## Khan Academy | Free Online Courses, Lessons & Practice

[www.khanacademy.org](http://www.khanacademy.org)

You can learn anything. Expert-created content and resources for every course and level. Always free.

Macmillan Education has education at the heart and we are working around the clock to ensure that teaching and learning continues during the lockdown. Register to access free support material for teachers, learners, parents, lecturers and students. Valid until the end of June 2020. <https://www.macmillaneducation.co.za/free-resources>

#### Extra Marks

In view of the closure of schools, we would like to make you aware of our offering of free access to the Extramarks after-school e-learning programme for your learners.

The aim is to support teachers and learners to ensure education can continue while school buildings are closed.

Your learners can sign up for a free access by clicking on the link below:
